

Grades K-5th (M-F, 9AM-3PM)

Pirate Camp

Avast, All Ye Young Pirates

All pirates attending training will participate in a host of activities designed to let you experience life of a colonial Pirate. As new crew members ye will be divided into four watches according to age and experience. Old salts will show ye the ropes and learn ye about jobs aboard our ship. Activities will change daily to will build up yer skills so as to make ye ready to conduct a pirate treasure hunt and defend yerself from a pirate raid on the last day of yer Pirate Training.

Pirate Drills

Ye will learn all about military drills used on board of a pirate ship to include sword drill, musket drill, and cannon firing drill. At the military station ye will also learn how to set a sail and work a ship while under attack.

Pirate Beach Patrol

The crew will catch crabs and fish for the Captain's supper as well as making sand forts to defend yer precious beach home from attack.

Pirate Team Building Skills

The crew will be learning about the importance of working together as they go through a series of challenges to include a pirate archeological dig and a treasure hunt.

Pirate Fun and Games

A Pirate's life is not all work and fighting. There will be plenty of time to learn colonial games, make music and sing songs.

Pirate Crafts

As a pirate, ye will need to learn all kind of useful crafts such as sewing clothing, painting, model ship building, and flag making, among other scallywag skills.

Grades 3-8th (M-F, 9AM-3PM)

Boat Building Camp

Learn the basics of boat construction. Campers will compare and contrast various boat types. They will also learn to loft (draw) full size boat plans, use hand tools to create boat components, and work as a team to assemble a traditional 14-foot wooden Chesapeake Bay rowing skiff. So, sign up to get your hands dirty and join us for a hands-on week of fun learning.

Archeology Camp

What mysteries lie beneath the shores and waters of the York River? Campers will explore the basics of land & underwater archeology. Learn what a shovel test is and how they are used to determine where to start an archeological dig. Lay out a grid for a dig site. During the course, Campers will also use a powered underwater drone and camera. Watch an aerial drone explore our property and the York River. Perform a real archeological dig on our beach area. Activities include learning about tools and procedures, creating a dig site, artifact identification, artifact curation and site preservation.

Environmental Explorer Camp

What can we do to improve our Chesapeake Bay? Learn to become good stewards by helping to preserve our shared Chesapeake Bay resources. Explore our brackish water environment's animals and plants. Measure the water quality and erosion results. Discuss sea level rise and land subsidence. Investigate solutions such as living shorelines. Study aquaculture and its positive impacts. Explorers will also study and analyze diverse habitats of woodlands, wetlands, dunes and shallow waters on and near Museum property. Learn how to analyze samples to research water quality, environmental conditions, and biodiversity from the shore and the pier. Students will develop and test their hypothesis and chart the gathered data.

Common to All Camps

Education is not all work and no play. There will be plenty of fun, crafts, and games planned into the program activities throughout the week.

Weather permitting, students will spend time along the shore and go swimming or wading in the shallows of the York River to cool off at the end of the day (Monday through Friday).

The last camp day includes presentations allowing campers to demonstrate their new skills to parents and friends.

By signing your child up for camp, you also receive a one-year Museum membership that runs from 1 June through 30 June. This membership entitles you to personal use of our beach and fishing use of our pier for you and your immediate family. You must have a valid license to fish and we ask that you do not climb on any of the rocks along our shore. Also, please refrain from use of these areas during festivals, weddings, or other scheduled events.

Member and Public Activities through the Year

Monthly Member Events

Monthly TGIF social events

Monthly Public Events

Yoga, Music Jam Sessions

Annual Public Events and Festivals

February: *Polar Plunge*

All week-long camp sessions run from 9 AM to 3 PM and culminate with a demonstration on Friday afternoon at 2:30 PM. This demo is structured to provide the children with an opportunity to show parents what they have learned during the camp.

Parking is free in any of the museum or public lots surrounding the Museum or in any other public parking lot in the Village.

We understand the Covid-19 virus may still be present. Throughout camp sessions, we will provide hand sanitizer and encourage children to wash their hands frequently and we will increase social distance space as much as possible while maintaining the teamwork approach during camp activities. If you believe your child should wear a mask when in close proximity of others, please provide the mask daily and instruct your child to wear it.

Education Program Guidelines

Ages:

Grades K – 8th

Week-Long Camp Times:

Hours will be 9 a.m.-3 p.m.

Students may be dropped off at the Events Tent after 8:45. Please pick up promptly at 3pm.

Drop Off and Pick Up:

A staff member will sign each participant at the beginning of the day. At the end of each day, a staff member will sign out the student to their parent. If the person picking up is not the person on this Registration Form, a signed letter or designation on the morning of pick-up must be submitted. Use any of 4 nearby parking lots.

Lunch:

Campers will have lunch around 11:30 each day. Lunches are stored inside a cool building, but not refrigerated. Water, sports drinks or juices are also recommended.

Sun and Swimming:

Campers spend a lot of time outdoors. Daily, we recommend you provide a water bottle and hat. Also, please provide water shoes, sunscreen and a towel. Supervised campers will be wading or swimming in shallow water only - if concerned, provide your child with a life jacket or other flotation devices.

Conflicts and Weather Plan

Schedules may shift in response to rain or heat advisories or for personnel or boat availability. No one will be in/on the water during periods of dangerous weather or spend prolonged periods outside during heat index advisories.

FSA Dependent Care Eligibility:

Section 125 of the Internal Revenue code states that if you have a child that is under age 13 enrolled in an eligible FSA plan, daytime education program fees are eligible reimbursement items.
